RE: In the Matter of applications of AT&T Inc. and Deutsche Telekom AG for consent to assign or Transfer Control of licenses and Authorizations; (WT Proceeding - No. 11-65).

Dear Commissioners:

I am writing to voice my support for the AT&T-T-Mobile merger. As President and CEO of the Greater Sacramento Urban League, an organization that strives for equality in all communities, I believe that this merger has the potential to empower underserved minorities and disadvantaged communities in the Sacramento area and nationally.

Better access to wireless broadband will make it easier for many individuals in these areas to access job placement services, job skills training, and various other social programs—like the ones offered by the Greater Sacramento Urban League.

This merger will result in better access to the fastest wireless broadband services. Furthermore, we believe that with AT&T's long history of commitment to diversity, they are up to the challenge of bringing state of the art technology to more people at better prices.

I urge the Commission to approve the merger between AT&T and T-Mobile. This improved network can benefit minorities, the underserved and mobile customers from all walks of life from all across America.

Sincerely,

DAVID B. DELUZ
President and CEO
Greater Sacramento Urban League
